Approved Software, Applications, and Web-based Programs for Students

Using technology resources is an essential part of a student's education in Kokomo School Corporation. Teachers and administrators carefully research all software, applications, and web-based programs before they are used by our students in the classroom. Protecting our student's privacy and safety is a top priority. A link to the list of district approved technologies is located below. In accordance with COPPA (Children's Online Privacy Protection Act) information collected from children under the age of 13 must have parent approval. If you do not want your student to use any of the digital tools on the list, you must contact the school principal. The principal will work with the teacher to provide an alternate way for your student to complete and submit class assignments.
